Top Ten Ways to Help Your Kids Get A's FamilyEducation.com Parental Involvement Is the Answer

Study after study has shown that parental involvement is the number one determinant of how well all children, regardless of their background, do in school. Here are ten ways you can help your kids succeed in the classroom and beyond:

1. Create an environment in your home that encourages learning.
2. Provide your children with a well-balanced life.
3. Read to your children every day.
4. Encourage them to read extensively.
5. Show your children how to be organized.
6. Teach them effective study skills.
7. Urge your children to listen and participate in class.
8. Help your children learn how to tackle homework.
9. Talk to your children about school.
10. Develop a good relationship with your child's teachers.
